

Art.No.	article name
167525044	PREMIUM coaxial cable > 110 dB, 25m

PREMIUM coaxial cable > 110 dB, 25 m

Technical data	167525044
Suitable for underground installation	no
Min. permitted bending radius, moving application with forced guidance	50 mm
Min. permitted bending radius, moving application/free movement	50 mm
Min. permitted bending radius, stationary application/permanent installation	50 mm
Number of screen layers	3
Characteristic impedance	75 Ohm
Diameter inner conductor	1.0 mm
Outer diameter approx.	6.8 mm
Outer conductor surface	Other
Reaction-to-fire according to EN 13501-6: Class	Eca
Specification material outer sheath	Other
Packaging break	N
