

Art.No.	article name
195102075	Outdoor mechanical timer, with shutter, shortest time interval: 30 min, max. 3. 680 W, colour: white

Outdoor Mechanical Timer - Min.setting time: 30 minutes - Max. 48 on/off per day - Operating temperature: -15 to 50 - Children protector - 16A 230V~ 3680W - IP44, colour: white

Technical data		195102075
Shortest switching time		30 min
Automatic switching summer/winter		no
Nominal switching current at 230 V AC		16.00 A
Mounting method		Zwischenstecker mit Steckdose
Model		Analogue
Degree of protection (IP)		IP44
Type of drive		Mains synchronous
Type of socket outlet		Earthing pin
Type of clock		Day clock
Voltage type of supply voltage		AC
Supply voltage		230 230 V
Frequency supply voltage		50 60 Hz
