

Art.No.	article name
195302174	Mini mechanical timer, with shutter, shortest timeinterval: 30 min, max. 3.680 W, contents: 3 pcs., colour: white

Mini mechanical daily timer - min. setting time: 30 minutes - max. 48 on/off per day - manual override switch - children protector - 16A 230V~ 3680W", colour: white

Technical data	195302174
Shortest switching time	30 min
Automatic switching summer/winter	no
Nominal switching current at 230 V AC	16.00 A
Model	Analogue
Type of drive	Mains synchronous
Type of socket outlet	Earthing pin
Type of clock	Day clock
Voltage type of supply voltage	AC
Supply voltage	230 230 V
Frequency supply voltage	50 60 Hz
