195402074	Mini programmable digital timer, with shutter, 140programs, max. 1.800 W, colour: white

Mini Programmable Digital Timer - Max. 140 on/off programs per week - Countdown and random function - Summer time conversion - AM / PM or 24 hours display - Backup battery - Children protector - 230V~ 50Hz Max.1800W - 7,8A, colour: white

Technical data	195402074
Shortest switching time	1 min
Automatic switching summer/winter	no
Nominal switching current at 230 V AC	8.00 A
Model	Digital
Autonomy in hours	100
Type of drive	Mains synchronous
Type of socket outlet	Earthing pin
Type of clock	Day-/week clock
Voltage type of supply voltage	AC
Supply voltage	230 230 V
Frequency supply voltage	50 60 Hz
