

| Art.No.   | article name                                                         |
|-----------|----------------------------------------------------------------------|
| 298150005 | HK07 - Room thermostat with display, programmable, colour: black mat |

HK07 - Room thermostat with display, max. switching capacity 0.5A, 230V~, 1.8W, 50Hz, temperature setting range 5°C- 30°C and programmable temperature reduction, protection class IP30, colour: black mat

| Technical data                    |                             | 298150005 |
|-----------------------------------|-----------------------------|-----------|
| Height                            | 55.0 mm                     |           |
| Depth                             | 46.0 mm                     |           |
| With display                      | yes                         |           |
| Measuring range                   | 0 - 40                      |           |
| Number of modules (module system) | 1                           |           |
| Compatible with Apple HomeKit     | no                          |           |
| Compatible with Google Assistant  | no                          |           |
| Compatible with Amazon Alexa      | no                          |           |
| Concealed operation               | no                          |           |
| Mounting method                   | Flush mounted (plaster)     |           |
| Colour                            | Black                       |           |
| Width                             | 55.0 mm                     |           |
| Model                             | on/off                      |           |
| RAL-number                        | 9005                        |           |
| Explosion-proof                   | no                          |           |
| IFTTT support available           | no                          |           |
| Max. contact voltage              | 230.00 V                    |           |
| With receiver                     | no                          |           |
| Degree of protection              | IP30                        |           |
| Connection                        | 3-wire                      |           |
| Type of power supply              | 230 V AC                    |           |
| Contact type                      | Change-over contact (NO/NC) |           |
| Operation                         | Button                      |           |
| Class of the temperature control  | II                          |           |
| Degree of protection (NEMA)       | 1                           |           |
| Sensor/feeler type                | Resistance sensor           |           |
| Control characteristic            | PID                         |           |
| External sensor                   | ja                          |           |
| Thermal feedback                  | ohne                        |           |
| Suitable for heating              | ja                          |           |
| With tap water circuit            | nein                        |           |
| Number of heater outputs          | 1.00                        |           |
| Number of cooler outputs          | 1                           |           |
| With sound indicator              | nein                        |           |
| Adjustable differential           | ja                          |           |
