

Art.No.	article name
323802019	PAN Multidetector wood, metal and cable locator

PAN Multidetector for detecting wooden beams, metal beams and cables in walls and ceilings, acoustic indication of live and non-live conductors (125-250 VAC)

Technical data		323802019
Max. search depth		3.80 cm
Cable sorter function		no
Suitable for searching wood		yes
Suitable for searching metal		yes
Suitable for searching plastic		no
Acoustic signal		yes
Suitable for live-line work		not applicable
Max. detection depth wood		38.0 mm
Max. detection depth metal		38.0 mm
Farbe (Kopp-Bezeichnung)		blue
