

Art.No.	article name
324206030	PAN Voltfinder, contactless voltage detector

PAN Voltfinder, non-contact voltage tester, detects contactless live wires from 12 - 1000 V, optical and acoustic. signalisation in 3 steps, LED torch

Technical data	324206030
Current supply	Battery
Continuity test	no
Internal base load	no
Single pole phase indication	no
Contact less voltage detection	yes
Background lighting LC-indication	no
Test prod protection	no
Measuring point lightning	yes
Indication of direction of field rotation	no
Usable at precipitation	no
Load switchable	no
Measuring circuit category	CAT III
Type of test	1-pole
Packaging break	N
