

Art.No.	article name
324270019	Voltage and continuity tester with LED and RCD test button

Voltage and continuity tester with LED display, 12-1000V AC/DC, 30mA RCD test + rotating field display, solid 2-point fixing of the 2nd test probe for better contact in sockets, CAT III 1000V, CAT IV 600V

Technical data	324270019
Current supply	Battery
Continuity test	yes
Internal base load	yes
Single pole phase indication	yes
Contact less voltage detection	yes
Background lighting LC-indication	yes
Test prod protection	yes
Measuring point lightning	yes
Indication of direction of field rotation	yes
Usable at precipitation	yes
Load switchable	yes
Voltage indication	LED
Measuring circuit category	CAT IV
Type of test	2-pole
Data hold	no
Voltage measuring range	12,00 1000,00 V
Packaging break	N
