| 352600004 | Surface-mounted junction box, for humid areas, 100x100x50mm, with 5-pole terminal block, grey |

Surface-mounted junction box, for humid areas 100x100x50mm, with 5-pole terminal strip, with 6 cable entries M25, 4 mounting sockets M25, 1 sealing plug, IP54, colour: grey

| Technical data               | 352600004            |
|------------------------------|----------------------|
| Shape                        | Square               |
| Depth                        | 50.0 mm              |
| Length mm                    | 0.1 mm               |
| Sealable                     | no                   |
| Explosion-tested version     | no                   |
| With screening               | no                   |
| Inlet from the rear          | no                   |
| Tackable                     | no                   |
| Castable                     | no                   |
| With casting compound        | no                   |
| Transparent cover            | no                   |
| Colour                       | Grey                 |
| Width                        | 100.0 mm             |
| Model                        | Junction box         |
| Surface protection           | Untreated            |
| Max. conductor cross section | 2.50 mm <sup>2</sup> |
| Mounting in the soil         | no                   |
| Mounting under water         | no                   |
| Weatherproof                 | no                   |
| Degree of protection (IP)    | IP54                 |
| Circuit integrity            | None                 |
| Cover model                  | Blind cover          |
| Cover attachment             | Screwed              |
| For tube diameter            | 25 mm                |
| For Ex-zone gas              | None                 |
| Type of housing feed-through | Preembossing         |
| For Ex-Zone dust             | None                 |
