

Art.No.	article name
372602086	Cable connector, 5-pole, IP68/IP69

Cable connector, 5-pole, for cables with the diameter from 7mm to 13,5mm, stranded conductor cross-section without ferrule: 0,5mm² to 4mm², protection class IP68/ IP66, 5x2,5mm², colour: black, rated voltage: max.450V, 32A, max.125°C

Technical data	372602086
Number of conductors	2
Model	Coupling piece
Halogen free	yes
With concentric shielding	no
For connection of paper- with plastic insulated cables	no
With protective conductor	yes
Insulating material	Plastic
With connection accessories	Screw connector
Rated voltage U0/U (Um)	Other
Suitable for	other
Mining sector approval	no
Nominal cross section conductor	4.00 - 4.00
