

Art.No.	article name
430300019	KOPP Katana Base control unit for high-voltage battery module incl. High-voltage battery module with 2.9kWh power

KOPP Katana Base control unit for high-voltage battery module incl. High-voltage battery module with 2.9kWh power (lithium iron phosphate (LiFe-PO4)); between 3 and 6 modules can be plugged on top of each other to achieve a capacity of 11.6kW to 20.3kW; modular system of battery modules

Technical data	430300019
Height	170.0 mm
Depth	380.0 mm
Voltage type	Other Hz
Width	570.0 mm
Model	Other
Weight	36.000 kg
Number of phases	3
Suitable for emergency power	no
Ambient temperature	0 50 °C
Max. depth of discharge	90.0
Number of complete charge cycles	6000
Suitable for indoor installation	yes
Suitable for outdoor installation	yes
