

Art.No.	article name
430302918	KOPP Katana high-voltage battery module with 2.9kWh power

KOPP Katana high-voltage battery module with 2.9kWh power (lithium iron phosphate (LiFePO4)); can be used with the KOPP Katana Base control unit

Technical data		430302918
Height		120.0 mm
Depth		380.0 mm
Voltage type		Other Hz
Width		570.0 mm
Model		Other
Weight		33.000 kg
Number of phases		3
Suitable for emergency power		no
Voltage		180 262
Ambient temperature		0 50 °C
Max. depth of discharge		90.0
Number of complete charge cycles		6000
Suitable for indoor installation		yes
Suitable for outdoor installation		yes
