

Art.No.	article name
438205026	Kopp SmartFlex-2 (Corner): Foldable photovoltaic mounting system solution with 2 photovoltaic modules 400Wp already mounted, heavy construction for corner

Kopp SmartFlex-2 (Corner): Foldable photovoltaic mounting system solution with 2 400Wp photovoltaic modules already mounted, heavy construction with particularly high ballast, suitable for corners with high wind loads

Technical data	438205026
Material	Aluminium
Mounting method	Flat roof
Surface protection	Untreated
Weight	117.000 kg
Adjustable	yes
Length of module	1979.00 mm
Width of module	1002.00 mm
Height at top-edge	35 mm
Angle of inclination	0 10 °
Integrated cable duct	yes
Cable duct optional	yes
Roofing material	Other
Roof perforation necessary	no
Orientation	Horizontal/vertical
Bracing	Ballast carrier
Farbe (Kopp-Bezeichnung)	aluminium/schwarz
