

Art.No.	article name
438205040	Kopp SmartFlex-4 (Corner): Foldable photovoltaic mounting system solution with 4 photovoltaic modules 400Wp already mounted, heavy construction for corner

Kopp SmartFlex-4 (Corner): Foldable photovoltaic mounting system solution with 4 400Wp photovoltaic modules already mounted, heavy construction with particularly high ballast, suitable for corners with high wind loads

Technical data		438205040
Material	Aluminium	
Mounting method	Flat roof	
Surface protection	Untreated	
Weight	235.000 kg	
Adjustable	yes	
Length of module	1979.00 mm	
Width of module	1002.00 mm	
Height at top-edge	35 mm	
Angle of inclination	0 - 10	
Integrated cable duct	yes	
Cable duct optional	yes	
Roofing material	Other	
Roof perforation necessary	no	
Orientation	Horizontal/vertical	
Bracing	Ballast carrier	
Farbe (Kopp-Bezeichnung)	aluminium/schwarz
