| 833502012 | Smart-control Hybrid Smart Switch: universal dimmer 1-channel, 2-wire, colour: white |

Smart-control Hybrid Smart Switch: universal dimmer 1-channel, 2-wire, with universal rocker mount for Kopp and various switch manufacturers, Bluetooth mesh technology, 230V~, 50Hz, up to max. 200W/VA, LED 7-100W, 2.4GHz, protection class IP20, colour: white

| Technical data                               | 833502012          |
|--|--------------------|
| Current supply                               | 230 V AC           |
| Number of relays                             | 0                  |
| Suitable for switch                          | no                 |
| Suitable for pulse button                    | no                 |
| Suitable for dimmer                          | yes                |
| Suitable for roller shutter switch           | no                 |
| Material                                     | Plastic            |
| Type of fastening                            | Other              |
| Suitable for venetian-/roller shutter switch | no                 |
| Suitable for venetian shutter switch         | no                 |
| Transparent                                  | no                 |
| Compatible with Apple HomeKit                | no                 |
| Compatible with Google Assistant             | yes                |
| Compatible with Amazon Alexa                 | yes                |
| Mounting method                              | Flush mounted      |
| Colour                                       | White              |
| Halogen free                                 | no                 |
| Surface protection                           | Untreated          |
| Rolling code system                          | no                 |
| Number of commands                           | ∞                  |
| Radio frequency                              | 2400               |
| In housing                                   | yes                |
| In tube base housing                         | no                 |
| Printed circuit board/module                 | no                 |
| Push button mode                             | yes                |
| Switching mode                               | yes                |
| With manual radio transmitter                | no                 |
| With radio coding device                     | no                 |
| With radio controlled push button            | no                 |
| Code length (Bit)                            | 128                |
| IFTTT support available                      | no                 |
| Degree of protection (IP)                    | IP20               |
| Material quality                             | Polycarbonate (PC) |
| Degree of protection (NEMA)                  | Other              |
